My. dear husband:

I am sending you copys of letters I wish you would have Mrs. Jacobs send to Clark and Semler. They are answers to the letters we received from them. I am sending Posey copys of all of them so he can see how the land lays.

I just talked to Gottlieb on the p hone. He had received a message from Newark to call the office, and he thought it was from me.

Just talked to you on the p hone so there isnt any thing else to say.

Please dont make any concessions to those niggers, just think of the dirty deal they gave us when they cancelled us out on the 26th to play in Yankee Stadium. Remind them that started the whole mess.
